např.

There are many things and activities you can do in winter! Every year, many people go to the mountains to play winter sports - they ski, skate or go snowboarding. My sister loves to snowboard, but I prefer skiing. Last year I went to the mountains with my whole family. We spent a whole week there and had a lot of fun! Every morning we went to the ski slope and stayed there until noon. Then we had lunch and in the afternoon we went for a walk. Me and my my sister really love snow. We made snowballs and threw them at each other and then we made a big snowman. We also tried to build an igloo, but it was too difficult.
